

Appl. No. : 09/849,869
Filed : May 04, 2001

REMARKS

The present amendments are made to correct the Sequence Listing and to add the new sequence identifiers to the specification. No new matter is introduced by these amendments. The Examiner also indicated that RFRP-1 need a sequence identifier. However, as this is an acronym for RFamide related peptide-1, Applicants submit that it does not require a sequence identification number.

Applicant would also like to bring to the Examiners attention a change in the attorney docket number for this case. The new docket number is CALTE.004CP1.

Applicants submit that the present application is in condition for examination and an early action to that effect is respectfully solicited.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
